

Are You Compliant?

Outpak Concrete Washout® unit is designed to be a portable solution for harmful industrial concrete sediment, paint, dry wall mud, stucco, and mortar. With Outpak Concrete Washouts your jobsite will be organized, eco-friendly, and BMP compliant to avoid costly fines. They are designed for a simple and quick set up in minutes and can remain for the duration of the project. Outpak Concrete Washout is compatible for both mixer, pump trucks and wheel barrows. Dispose of after evaporation and job completion.

All-Weather Washout

The Outpak All-Weather Washout is designed to stand up to the toughest of environments while maintaining its portability, ease of setup, and cost effectiveness. It is made from heavy-duty, woven polypropylene that shrugs off the worst of climates, but is still lightweight and durable. Additional features include 5 to 1 safety rated lifting straps and attached rain fly. It folds flat for easy storage.

The All-Weather Washout is designed to be a portable, EPA-friendly solution for containment of hazardous construction site washout material such as: concrete sediment, paint, drywall mud, stucco, and mortar.
